Dear Laurence

It was good to catch up with you and your team at Accountex last week.

I'd like to let you know how pleased we are with the service we have received from Informagement over the past 5 years. The website, the social media feeds and newsletters have contributed to the amazing growth we have experienced as a firm over that period. And the additional marketing services for tax books etc are always well received by new and existing clients.

The seamless way the service works and the technical support from your team (normally to sort a problem caused by the social media networks) has always been first class.

I also find that the suggested articles for social media act as a great reminder to myself and our staff to keep upto date with new legislation across accountancy and business in general.

It's like having an inhouse marketing and media team.

Thanks

Yours sincerely
